I am Luther Knight. Powerful. Businessman. I own everything and everyone around me. Until her. Lexi Adams challenges me in ways I never knew I needed. She's defiant and stubborn, unwilling to show me her true submission. She turns my whole world upside down and no matter how much I ignore it, I can't help but
crave her. When she becomes desperate, The Club is all that she has, and I watch as she falls for her Master. She's confused, conflicted, and unable to decide who she wants more. Me or Him. But the difference between her and I? I know what I want. Her. And I won't stop until I have her at my side. Forever.
