Nothing in life that's worth having, comes easy.

Having finally learned the horrible truth about Peilor society, Emma has chosen to cut the chain connecting her spirit to her body, and fled to the Realm of Imagination.

Now she is headed for a Realm whose ruler banished her, with no way back. Worse, she has never managed to stay there for longer than a few hours before starting to Fade out of existence...

Even if she manages to survive, lacking her powerful body and Skills, how is she going to stay out of the hands of Peilor?

More importantly, how is she ever going to get back to Kaitlynn?

One thing is for sure: if Emma is to have any chance of reclaiming what she's lost, she's going to need to develop a whole new way of fighting, and gather power.

A lot of power.
