There are many ways to elevate your wealth and almost infinite ways to squander it. With proven techniques from Warren Buffet and his mentor, Benjamin Graham, we can harness the power of the market.

This audiobook will teach you:

- How to properly assess risk
- How to properly value a company and its stock
- How to avoid the numerous pitfalls in the market
- How to gain a stronger understanding of the market
- How to become a better owner
- And many more tips and time-tested techniques

We all want to be successful and financially free and to not live paycheck-to-paycheck. This audiobook will lay out the principles and techniques to aid you in your journey in a way that is easy to take action and understand.
