"An innovative and delightful collection of stories for kids." (*Readers' Favorite*)

A collection of magical adventures which place the listener at the heart of the action.

Told in the second person, these stories involve the listener changing into a creepy crawly for a day. Although the main aim of this book is to entertain, young listeners will also...

- Learn amazing facts about the workings and wonders of the natural world
- Learn about the behaviour, habits and lives of these amazing creatures
- Discover a new perspective on life by walking in another animal's "shoes" for a day
- Have a funny adventure that will captivate and educate....
- Giggle!
