Crazy. Brutal. Unpredictable. And those are their good qualities. A pair of foul-mouthed mercenaries go on a suicide mission in this otherworldly fantasy.

After accepting a mission that no one wanted, He-Dog and Ballless travel the treacherous Lands of the South to the glittering city of Foust. There, they find the fabled walls under siege. A vicious, seething army of Beastmen surround the city, intent on sacking it and feasting upon every last citizen within. No one in their right mind would try to get past this mob. But He-Dog, Ball-less, and their companions aren't in their right minds. Getting into Foust is utter madness. Getting out again is sure to get them killed.

Keith C. Blackmore's madcap, grisly fantasy novel is perfect for fans of J. R. R. Tolkien and George R. R. Martin.
