

Witches of Half Moon Bay Series Box Set: Books 1-3

author: Heather Hildenbrand

2026-07

Synopsis

author	Heather Hildenbrand
readBy	Kelly Pruner
inLanguage	english

Look, I didn't plan to be on the supernatural hit list, but here I am. Dodging murder, werewolves, panic attacks, and selling healing crystals to soccer moms. And the only person standing between me and getting turned into werewolf chow is Alex Channing—grumpy, gorgeous, and 100% the kind of guy who comes with a warning label. He says he's here to protect me. I say he's hiding something—like why every part of me sparks when he's near, or why he looks at me like he's already lost me once. The truth is coming for me—sharp teeth, buried memories, and a past that refuses to stay dead. And if I don't figure it out soon, I'm not making it to chapter two. This volume of Witches of Half Moon Bay includes the first 3 books in the series: A Witch's Call, A Witch's Destiny, and A Witch's Fate. If you enjoy snarky witches, broody hunters, and steamy paranormal romance, this is the series for you.
