You don't rest when you're tired. You rest when the killer is dead.

After her first assignment for the AGENCY is a success, word gets out, and she's in demand. Her next mission is sent from the top. As in the president of the United States. And you don't say no to the president, no matter what the assignment is.

Aleasha goes from being the hunter to the hunted when she agrees to protect daughters of a man about to revolutionize the power industry. With Drew across the country healing from their last mission, Manny steps in to be Aleasha's partner.

Can she keep the girls safe, her emotions in check, and herself alive while dodging world-class assassins and a few ghosts from her past? And what will she do when she discovers Drew has committed the ultimate betrayal?

With DREW is a YA romantic suspense thriller that will keep up listening late into the night to see what happens next! If you like Alex Rider, the Gallagher girls, or the Gems, you'll love the Unleashed series.
