2026-07

Synopsis

author	Russ Towne, John D. Fie Jr., Fred Staff
readBy	Todd Eflin
inLanguage	english

Wolverine McLean

The men who fought beside Aloysius McLean in the War Between the States knew him as a shy and quiet man, but in the heat of battle, he fought so fiercely and fearlessly that they nicknamed him Wolverine. With the war now over, McLean goes to visit a war buddy and finds heâ€™s disappeared under suspicious circumstance after striking the mother lode. To help his friendâ€™s family, Wolverine faces off against a wealthy, powerful man who has a special armored train with three mounted Gatling guns and his own private army.

Never judge a book.

Cowhands get the surprise of the lives when a gang tries to steal their hard-earned pay.

Catherine and the comanche.

A white woman and Indian brave must overcome hatred, prejudice, and mutual cultural ignorance as they fight for their lives and try to avert a bloody war.
