

Wormwood

author: Micah Ackerman

2026-07

Synopsis

author	Micah Ackerman
readBy	Kevin Pierce
inLanguage	english

For Nate Wilder, anxiety is nothing new. Regularly suffering from panic attacks triggered by news reports of world catastrophes, he can barely handle his everyday life even when, rationally, the events should not affect him. Nate becomes a prepper to help him cope with the anxiety, stocking a makeshift shelter. So when nuclear disaster actually strikes home, Nate must employ truly heroic courage or fold to his fears. But in the aftermath of the bombs, it quickly becomes apparent that surviving the attack is just the beginning - there is far worse yet to come. *Wormwood* is a taut, post-apocalyptic thriller told from the perspective of three main characters: flawed hero Nate; Jeanette, his beautifully flawed love interest; and Simon, the unstable leader of their survivor community.
